

Research Integrity and AI Usage Declaration

Paper Title: _____

Student Name: _____

Supervisor: _____

Research Integrity Checklist

Please read each statement carefully and check each box to indicate your agreement.

Research Data and Results

- ☐ I confirm that I have **not** fabricated, falsified, manipulated, selectively omitted, or intentionally misrepresented any research data, analyses, experimental results, statistical analyses, figures, tables, or supplementary materials.
- ☐ I confirm that all reported results are based on genuine research activities and accurately represent the underlying data.

Manuscript Content

- ☐ I confirm that the **paper title, abstract, main text, figures, tables, and supplementary materials** accurately reflect the research conducted and do not contain misleading or intentionally deceptive information.
- ☐ I have carefully reviewed the entire manuscript and verified the accuracy of all factual statements.

AI-Generated Images and Figures

- ☐ I have **not** used AI-generated images, photographs, figures, diagrams, illustrations, or graphical content in this manuscript unless:
 - the use has been explicitly approved by my supervisor, and
 - the AI-generated content is appropriately disclosed in the manuscript where required.

References and Citations

- ☐ I have personally verified that every reference cited in the manuscript **exists** and accurately corresponds to the cited work.

☐ I have **not** included fabricated, hallucinated, or AI-generated references that do not exist.

Writing Integrity

☐ I have **not** directly copied AI-generated text into the manuscript without substantial human revision, verification, and authorship.

☐ I have **not** copied or closely paraphrased text, figures, tables, images, or other materials from published or publicly available sources without proper citation and, where applicable, permission.

☐ All writing submitted under my name represents my own scholarly work and complies with the University's academic integrity policies in the Hong Kong Polytechnic University.

AI Usage Declaration

Please disclose **all** uses of generative AI tools (e.g., ChatGPT, Claude, Gemini, Copilot, DeepSeek, or similar) during the preparation of this manuscript.

Examples include (but are not limited to):

- Grammar correction or language polishing
- Improving writing clarity
- Generating writing examples or outlines
- Summarizing literature
- Figure caption/description drafting for accessibility
- Translation
- Any other AI-assisted task

If no AI tools were used, please write "None."

Please disclose below:

Student Declaration

I understand that I am fully responsible for the originality, accuracy, and integrity of this manuscript.

I declare that:

1. I have personally verified all data, analyses, references, figures, tables, and factual statements included in the manuscript.
 2. Any use of AI tools has been completely and truthfully disclosed above.
 3. I understand that AI-generated content may contain factual errors, fabricated references, misleading information, or copyrighted material, and I accept full responsibility for verifying any AI-assisted output before including it in the manuscript.
 4. I understand that failure to disclose inappropriate AI usage or research misconduct may constitute a violation of the University's academic integrity and research ethics policies.
 5. I certify that the information provided in this declaration is complete, truthful, and accurate.
-

Supervisor Submission Confirmation

I acknowledge that my supervisor may rely on this declaration when deciding whether the manuscript is ready for internal review or journal/conference submission.

I understand that:

- I understand that supervisory review does not replace my responsibility to verify the accuracy of all data, analyses, references, figures, tables, and written content that I contribute to the manuscript.
 - By signing this declaration, I affirm that I have exercised due diligence in preparing and verifying the manuscript.
 - If fabricated data, manipulated results, fabricated references, undisclosed AI-generated content, plagiarism, copyright violations, or other forms of research misconduct are later identified, I accept personal responsibility for my contribution to those violations, subject to the authorship responsibilities and applicable University policies.
 - This declaration does **not** transfer responsibility away from the authors or exempt me from any academic or research integrity investigation.
-

Signature
